

## Right Ascension distribution of the observations

Please provide, in tables similar to the one below (feel free to use your favorite editor), the number of hours requested for A and B semesters per Right Ascension bin range.

| <b>Semester A</b> |       |
|-------------------|-------|
| RA                | Hours |
| 00 – 04           |       |
| 04 – 08           |       |
| 08 – 12           |       |
| 12 – 16           |       |
| 16 – 20           |       |
| 20 – 24           |       |

| <b>Semester B</b> |       |
|-------------------|-------|
| RA                | Hours |
| 00 - 04           |       |
| 04 - 08           |       |
| 08 - 12           |       |
| 12 - 16           |       |
| 16 - 20           |       |
| 20 - 24           |       |

If the distribution of your observations is going to evolve over the course of your program, please provide a table for each of the semesters it will cover.

These tables will be used to evaluate the possibility of scheduling (or not!) your proposal on the telescope once accepted.
